

**CURTAIN & DRAPERY HOSPITAL CUBICLE HARDWARE**

Functionally designed cubicle privacy curtain track and hardware permits the complete screening of the patient's bed. When not in use, curtains are drawn entirely back against the wall. All tracks and carriers are designed to permit fast, quiet movement of the curtains to form or open the enclosure.

**Channel Track**

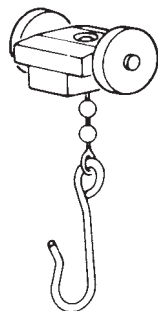

Extruded aluminum track with reinforced corners and all nylon rolling 2 wheel units. Track can be surface or recessed mounted.

- 1<sup>3</sup>/<sub>8</sub> × 3<sup>3</sup>/<sub>4</sub> × .062"
- Furnished in straight lengths up to 8' long

**Part No.**  
SAL 19101

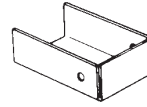

**Carrier**

Carriers are of nylon, with nickel plated bead chain and hook specially designed to be "jamproof". Absolute minimum of noise. Self-lubricating carriers and aluminum track insure quiet, smooth, effortless movement.

**Part No.**  
SAL 19103

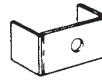

**End Stop**

Use one at each end of track for neat finished appearance.

**Part No.**  
SAL 19105

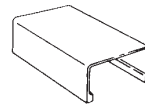

**Snap Out**

Provide one at end where curtain will be stacked to permit entry of carriers.

**Part No.**  
SAL 19106

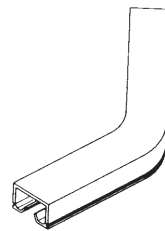

**Splicer**
