

## FIRE SAFES

### U.L. listed 2 Hour Fire and Impact Safes

#### Features

- U.L. listed class 350° F two hour fire and impact rating
- Safe will withstand fires of up to 1850° for two hours and a 30 foot drop — equivalent to falling through a three story burning building
- Increased barriers for burglary protection. 3 1/2" thick recessed door with 5/8" thick front for excellent pry resistance
- Handle activated locking mechanism with 7/8" diameter solid steel chrome plated locking bolts offering smooth operation
- Internal anchor bolt hole with hardware
- Models 1511 through 1812XD are supplied with rubber feet and 1 shelf. Larger models have heavy duty rolling casters and 2 shelves
- Attractively accented with a brass plated dial, powder coated handle, decorative emblems and plush velour interior

### BF Series Fire Rated Burglary Safe

Industry's first U.L. Listed fire rated burglary safe

The AMSEC "BF" Series offers a unique design that combines the security features of a burglary safe with the peace of mind brought by a fire safe.

#### Features

- Under the most grueling testing procedures, the BF Series has earned the UL Class 350°F, 1 hour Fire Label
- "B" rated, heavy-duty construction
- Door: 3 1/2" thick door constructed of 1/2" plate steel with a unique proprietary fire and burglary resistant material
- Body: 2" thick body consisting of 1/8" outer and inner steel plates creating a single structure enclosing a unique proprietary fire and burglary resistant material
- Three massive 1" locking bolts.
- UL Listed Group II, key-changeable combination lock
- A massive 1/4" steel hardplate protects the lock and relocks from an aggressive drill attack
- One recessed anchor bolt hole and hardware is provided to securely anchor safe
- BF1512/BF1716/BF2116: One shelf  
 BF3416: Two shelves

### Commercial Security Safes

The Amsec CSC Series composite safes are an affordable solution when you want to protect documents from fire and valuables from burglary attacks. Overall door thickness of 4 5/8" and constructed with a 2" defensive barrier of outer and inner steel plates creating a burglary-resistant structure enclosing a unique, proprietary fire resistant material. Total protective body thickness of 2 7/8" encloses a unique, high-density fire and burglary resistant

composite material. Durable powder coated adjustable shelves. One internal countersunk anchor hole and mounting hardware are provided to securely anchor safe.

- Removable casters provide easy delivery and installation
- Models 3018 & 4520 have optional storage cabinets available. See page 10 for details

#### Fire Endurance:

- 2 hr. 350°F factory fire rating. Tested at temperatures up to 1700°F
- Heat expandable door seal guards contents against severe fires

#### Lock Mechanism:

- 2 to 4 1 1/2" dia. chrome plated solid steel locking bolts
- 2 to 3 1 1/2" dia. solid steel dead bolts lock deep into body preventing door removal during a forced entry attempt
- UL Listed Group II Combo lock with chrome plated spy-proof dial

## GUN SAFES

### "BF" Series Burglary and Fire Gun Safes

*The Most Unique Gun Safe Line in the Industry*

(shown with optional ESL10XL Digital Lock)

- 2" total wall thickness on all sides
- Two layers of steel consisting of an out and inner steel liner for dual protection
- Body encloses a proprietary DryLight insulation eliminating the use of gypsum board
- Substantial 4 3/4" thick door, (4 5/8" on BF7250) comprised of 1/2" steel plate combined with 1" DryLight insulation and other materials
- 10 massive 1 1/2" diameter locking bolts to protect superior door security
- Equipped with a U.L. listed group II lock with a key locking spy proof dial, protected by a massive hardplate and decorative 3 spoke handle

- Awarded the U.L. Residential Security Container (RSC) Burglary classification
- 4 precut anchor holes and 1 precut electrical access hole
- Mercury class II fire protection of 1275° for 90 minutes. Designed to maintain an interior temperature of less than 350°
- Dual fire protection around entire door. Silicon seal on door jamb and Pausol seal on door giving the door a snug fit with added fire protection. Pausol seal expands up to 8 times its original thickness when exposed to heat
- Unique mirror back wall in the interior of the safe providing higher interior visibility
- Interior shelves and inside of door fully upholstered in a plush velour fabric
- Shelving can be adjusted to meet your unique storage needs. All models can be ordered with a four shelf configuration, specify suffix AS instead of A

Stocked in the size and color specified. Stocked in high gloss onyx finish with brass hardware. Other high gloss finishes are burgundy, hunter green and pearl white. Also available in four textured finishes, satin black, granite, sandstone and green. Also available with polished chrome hardware.

Other sizes available (outside dimensions):

Model No.	Size (H x W x D)	Gun Capacity Configurations

AMSTF5517LTE F BK A	55 1/4 x 17 3/4 x 16"	11	286

## Handgun Safe

Handgun safe with 5 button lock is fast and easy to open. Easy change combination with programmable override code for lost combinations. Replaces high cost mechanical lock alternative with higher reliability.

- 9 VDC battery provides over 5000 openings. Low battery indicator
- External auxiliary battery connection
- Deep blue finish with chrome hardware
- Strong, pry-resistant custom brass locking bolt
- Interior cushioned with foam lining to protect gun from scratches
- Optional quick release anchor plate available
- Approved by The California Dept. of Justice

Part No.	Outside Dimensions	Body Gauge	Wt. lbs.
AMS PB2	8 × 12 × 4"	16	8

## Versa Vault

### Features

- Electronic lock with four button lighted keypad offers more than 65,000 possible combinations
- Key override system
- Designed to be secured for either vertical or horizontal installation with a steel mounting plate
- A unique removable internal holster presents firearm for rapid response

- Includes internal illumination, tamper alarm and low battery indicator

Part No.	Outside Dimension	Weight (lbs.)
AMS SWV1014	14 1/4 × 10 × 3 3/4"	11.5

# Wilco Supply

## IMPORTED FIRE SAFES

### Residential and Commercial Fire Safes

### Features

- U L Listed 350° F 1 Hour fire rating
- One internal anchor hole with hardware included
- Four rubber feet
- Drawer shelf except model FS712 which has one removable shelf
- Spy proof dial with key operated side locking mechanism incorporating two chromed locking bolts
- Model FS2215 has a Group II combination lock, one key locking drawer and two adjustable shelves as well as 4 rolling casters
- Larger models available

Part No.	Inside Dimensions	Outside Dimensions	Wt. lbs.

## DEPOSITORY & SECURITY SAFES

### Depository Safes

B rated, rotary and front loading

Depository safes are designed to provide immediate deposits and secure storage for cash, jewelry, and miscellaneous valuables. Even though the door of the safe is locked, deposits can be made via a top loading rotary hopper or a front loading deposit door, offering instant protection from hold-up or burglary.

#### Door

- 1/2" thick A36 solid steel plate, recessed 1/2" to increase resistance to pry attack
- UL Group II combo lock (C), UL Listed dual nose keylock (K) or ESL10 Electronic Lock (E)
- 3-way boltwork with 1 × 1/2" rectangular plated bolts
- Lock & relocks protected by large carburized hardplate

#### Body

- Formed "B" rate construction made of A36 solid steel plate for improved security and appearance
- Four anchor bolt holes standard

#### Hopper

- Large package sizes:  
6<sup>1</sup>/<sub>4</sub>"D × 5"W × 10<sup>1</sup>/<sub>2</sub>"L (Extra-large Rotary), 3"D × 4"W × 10<sup>1</sup>/<sub>2</sub>"L (Front or Rear Load)
- Recessed, heavy duty 3/16" construction, (1/4" door)
- Protected by dual "Anti-Fish" baffles

All dimensions: Height × Width × Depth

\*Add 2" to outside depth for dial and handle projection

Larger sizes including double door vertical and horizontal available on F/O  
These safes are not meant for unprotected overnight storage of cash or valuables.

T=Top loading      F=Front loading      R=Rear Loading

## DEPOSITORY & SECURITY SAFES

### Wide Body Chest Depository Safe

*B rated, front load depository*

Each unit comes equipped with an interior locker to accommodate deposits, a large interior for storage of cash trays and a door mounted recessed coin rack.

*Body*

- Door is massive 1/2" thick A36 solid steel plate
- Formed high tensile steel body and jamb construction to maximize protection against pry attack

- Reinforced internal jambs
- UL Listed Group II key changeable combination lock
- 3-way locking mechanism consisting of five 1" diameter chromed locking bolts
- Locks and relocks protected by a large carburized hardplate

*Interior Locker*

- Heavy 1/4" steel door, with Medeco® high security cam lock
- Inside dimensions: 10"H x 19 3/4"W x 14"D

*Deposit Drawers*

- Large fish-resistant pull out drop drawer deposits directly into standard interior locker

*Deposit Slot*

- Convenient 1/4 x 4 1/2" opening, equipped with a steel money pusher to maximize fish-resistance
- Cash bins are provided in the interior locker for safes equipped with two or three slots

*Front Load Depository*

- Recessed heavy duty 3/16" construction with a 1/4" door
- Protected by dual anti-fish baffles
- Large package capacity: 3 1/2 x 9 x 12" (maximum).
- May be ordered any one of four directions. Please specify front, reversed, right load or left load. Front load stocked, others F/O

## STORAGE CABINETS

### Storage Cabinets

These elegant, well appointed 2 drawer and 4 drawer interior chests are the most sophisticated way to store and display your jewelry collection and letter files. These stunning chests are finely crafted in solid wood maple drawer fronts and maple veneer and finished in a rich honey maple stain. All drawers are elegantly lined in silky, dark red felt. Top drawers are designed for rings, necklaces and other miscellaneous jewelry. Middle drawer holds watches or other valuables. All drawers ride on heavy-duty, ball bearing drawer glides. The retrofit kits can be installed on the job—they just slide right into the following models: BF1716, BF3416, CSC3018, CSC4520. They also fit into gun safe models: BF7250, BF7240, BF6636, BF6030, HS6743, HS7943 and RF6528 as well as CE and CF Amvaults.

#### 2 Drawer Option:

Has a top drawer and non-lined bottom drawer that converts into a letter size file drawer with metal file bracket.

Outside dimensions: 16<sup>3</sup>/<sub>4</sub> × 16 × 15<sup>3</sup>/<sub>4</sub>", 32 lbs.

Part No.	Description
AMS 1335308	Retrofit Kit
AMS 1335287	Custom installed at the factory

#### 4 Drawer Option:

Has two top drawers, a middle drawer and a felt lined bottom drawer.

Outside dimensions: 16<sup>3</sup>/<sub>4</sub> × 16 × 15<sup>3</sup>/<sub>4</sub>", 37 lbs.

Part No.	Description
AMS 1335307	Retrofit Kit
AMS 1335286	Custom installed at the factory

## ACCESSORIES

### Dessicant

Keeps interior of safes dry. Helps prevent moisture damage.
