

Wireless 1000 Annunciator System

Be the *FIRST* to know...

Never be startled by someone at your front door again!

WIRELESS Drive-Up Announcer™

RC-10 Chime Box with Relay TD-10 In/Outdoor Sensor Transmitter

Optex Wireless 1000 Annunciator System alerts you by 3 different chime tones and/or activates other electric devices (e.g. door strikes, lights, siren, CCTV) with relay output (RC-10).

The system can be triggered by motion detectors; or, manually by a hand-held push-button transmitter.

Wireless 1000 offers you comfort and convenience in personal and commercial applications without complex wiring.

Transmitter:

- Accepts 9 transmitters for normal chime function, 3 for latching alert applications
- Operates with 9VDC adapter (included)
- Wall mount or table mount design
- Form C relay for activating other devices (50V AC 1A max.) or 24V adjustable out-put duration

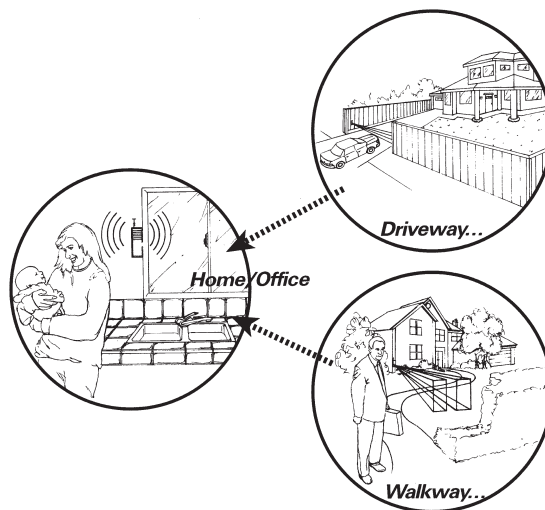

Chime:

- Uses passive infrared to detect motion and send RF signals to receivers
- Weather proof housing (IP54) rating for both indoor and out-door use
- Choose 50ft. Long Range or 17ft. fan pattern
- Fan (Wide) detection pattern
- Operates on a 006P (9V) battery

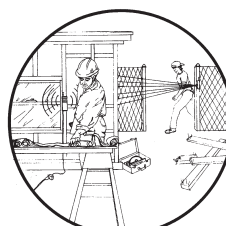

Part No.	Description
OPT RCTD 10U	-----Long Range Trans/Rec. Set

Specifications:

	RC-10	TD-10
Designation:	-----Chime Box w/relay	-----Outdoor sensor/transmitter
Detection Method:	-----	-----Passive infrared
Detection Area:	-----	-----50 ft. /17 ft. fan pattern
Angle Adjustment	-----	-----90° ±5° Vert. & Horz.
Max. Transmission Range	-----	-----1000 ft. (line of sight)
Status Indicator:	-----Pwr On: Green Detection: Red	-----Red LED
Power Source:	-----9V DC	-----9V alkaline battery. (Exclusive AC adapter)
Chime Tone:	-----3 tones & 1 alarm	
Oper. Temp.:	-----15°F to 104°F	-----15°F to 120°F
Radio Frequency:	-----418MHz	-----418MHz
Weight:	-----6.0 oz	-----6.3 oz
Battery Life:	-----Approximately 2 years/250 times per day	

Some of the many practical applications:

Job/Construction site

For Residential, Condominium or Apartment use...

- Driveways
- Entry/Walkways

For Commercial use...

- Garage/Workshop entry
- Warehouse delivery areas
- Construction sites
