STT 16-911	2"

**MEASURING TOOLS**

**Powerlock® Rule**

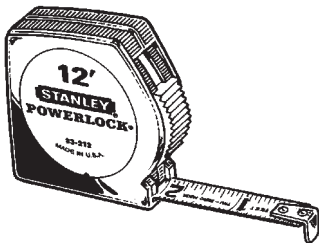

- Mylar\* coated blade for added durability
- Heat treated spring for longer life
- Positive blade lock will not creep while taking measurements

\*DuPont polyester film

Part No.	Blade Length	Blade Width
STT 33-116	16'	3/4"

**Powerlock® Rule**

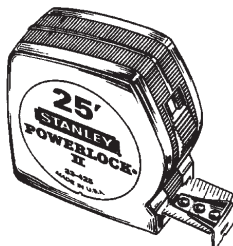

*Exclusive Powerlock® feature gives positive lock with no creeping.*

- 12 long blade, Mylar\* coated for added durability
- Heat treated spring for longer life
- Positive blade lock will not creep while taking measurements

\*DuPont polyester film

Part No.	Blade Length	Blade Width
STT 33-212	12'	1/2"
STT 33-312	12'	3/4"

**Powerlock® Rule**

- Mylar\* coated blade for added durability
- Heat treated spring for longer life
- Unique three-way read blade for easy reading in all directions
- Easy reach blade remains rigid for 7'
- Positive blade lock will not creep while taking measurements
- Features three-rivet hook for longer blade life

\*DuPont polyester film

Part No.	Blade Length	Blade Width
STT 33-425	25'	1"

**LAYOUT TOOLS**

**Professional 24" Top Read Carpenter's Levels**

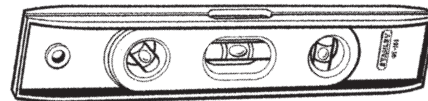

*360° vials are set directly into I-beam frame and never need adjustment*

- Heavy duty aluminum I-beam frame
- Large, protected top read window
- Shock absorbing end caps
- Two vial covers with protective lenses
- Replaceable vials and covers

Part No.	Length
STT 42-240	24"

**Jobmaster™ Torpedo Level**

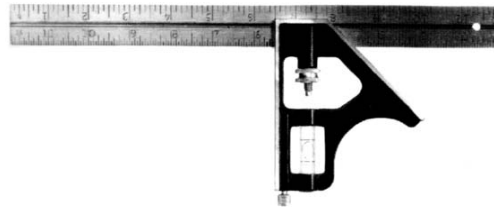

*A new level of quality made of tough, shock resistant ABS plastic material.*

- Magnetic base that holds to iron and steel surfaces — allows hands to be free
- Large top read window allows viewing level vial from any angle
- Three 360° vials, plumb, level and 45° are replaceable

Part No.	Length	Pkg.
STT 42-264	9"	1/card

**Grooved Blade Combination Square**

- Grooved blade, scratch awl, and hand regulated level vial included
- Blade coated to resist rust

Part No.	OA Length	Pkg.
STT 46-222	12"	1/card

**Try Square**

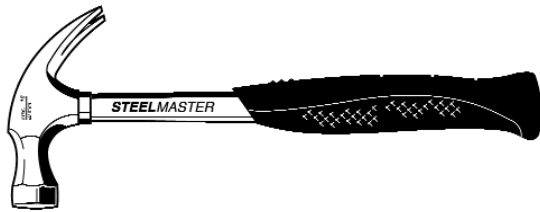

- Precision machined for accuracy
- 1/8" graduations; numbers are stamped for durability
- Blade coated with acrylic wax to resist rust
- 8" blade, black plastic handle

Part No.	Blade Length	Blade Width	Handle Length
STT 46-502	8"	1 1/2"	5 1/8"

STRIKING TOOLS
