Part No.	Description
KSY 279	1" dia. Tamper-Proof Key Ring
KSY 278	1 5/8" dia. Tamper-Proof Key Ring
KSY 270	2" dia. Tamper-Proof Key Ring
KSY 277	3" dia. Tamper-Proof Key Ring
KSY 272	4" dia. Tamper-Proof Key Ring

Key Ring Tools

KSY 271D

KSY 271X

KSY 271V

Seal key rings in seconds and prevent undetected key removals or substitutions. If forced open, the seal is destroyed showing that the ring has been tampered with. Save time with portable tools that go to the job site. Eliminate the costly practice of welding or brazing key rings which can be resealed without detection and make a ring brittle and subject to breaking.

Part No.	Description
KSY 271V	Ring Closer Tool
KSY 271D	Ring Crimp Tool
KSY 271X	Ring Cutting Tool
