

**FILES**

**Flat Files**

Flat files are used by machinists, machinery builders, ship and engine builders, repair men and others who require rapid removal of metal. They are rectangular in cross section and taper slightly towards point in width. Double-cut on both sides, single-cut on both edges. Other sizes and cuts available on F/O.

Part No.	Bastard Cut	Length	Shelf Pack
NIC 03566		8"	12

**Mill Files**

For sharpening mill or circular saws. Also for draw-filing and finishing metals. All sizes tapered slightly in width. Two square edges. Single-cut on sides and edges. Other sizes and cuts available on F/O.

Part No.	Bastard Cut	Length	Shelf Pack
NIC 08354		6"	12
NIC 08497		8"	12

**Handy File**

This gives the user a combination file, single-cut on one side for sharpening edged tools and smoothing metal surfaces, double-cut on other side for rapid removal of metal. One edge is "cut" and the other is "safe" or "uncut". Convenient "hang up" hole. (Skin packed). Length measured exclusive of handle. Carded.
